SUBJECT: "60 Minutes" Status Report

As you know, "60 Minutes" is preparing a piece on the MTA. We are actively cooperating with their researchers, and have provided information regarding our construction safety program and record, our Long Range Transportation Plan, and the facts surrounding the subsidence on Hollywood Boulevard and the sinkhole. We have arranged off-camera interviews with Chairman Zarian, CEO White, and other MTA staff. We also have taken the producers for visits to our construction site in North Hollywood, and for a ride on the Metro Blue Line.

Correspondent Leslie Stahl visited our North Hollywood site last Friday, and conducted videotaped interviews with CEO White and the project manager, Charles Stark. She is scheduled to interview CEO White this Thursday, October 26 and Chairman Zarian on Friday, October 27.

If you have any questions or comments, please give me a call. The segment is expected to be broadcast in the November-December timeframe.
