SUBJECT: METRO ORANGE LINE CONSTRUCTION

We have received numerous inquiries from constituents regarding the status of the construction along the Metro Orange Line. Staff will be sending a Notice of Construction Activity informing the community of the current status of construction related activities. We will be providing you a copy of the Notice as soon as it is complete.

We have also received requests for additional educational materials from many stakeholders who are interested in the current status of the project. They are primarily interested in assisting us in any way they can to resume construction. We are responding to the requests and also sending out standard notices to our countywide outreach list, which includes elected officials.

Finally, next week the Court of Appeal will reconsider its decision and whether to extend the stay of construction.
