MANAGING DIRECTOR, MANAGEMENT AUDIT SERVICES

SUBJECT: STATUS OF OPEN AUDIT RECOMMENDATIONS AS OF
MAY 31, 2005

ISSUE

At the March Executive Management and Audit Committee meeting, the committee requested that the status of all open audit recommendations be reported monthly. This includes audits performed by Management Audit Services (MAS) and, in compliance with GEN 19, external audits performed by outside auditors.

DISCUSSION

MAS' monthly audit follow-up report includes all open audit recommendations related to findings reported by Internal Audit, Information Technology (IT) Audit, and outside auditors; statistics on the number of recommendations closed or completed since the last report; and a summary of audit activities in Contract Audit and Grant Audit.

During the month of May 2005, the Office of the Inspector General issued one new audit report, Audit of Vendor Cash Discounts. The report contained four recommendations, two of which were implemented and considered complete during May. The two recommendations not yet implemented have been added to Attachment A as item nos. 1 and 2.

In total, four of the internal, IT and external open recommendations were closed or completed during May. Forty-five recommendations have a status of "under review." This indicates that the audit client has submitted documentation that is being analyzed to verify that all of the recommended actions are complete. We are actively working with staff to

close each recommendation as quickly as possible. The total open recommendations as of May 31, 2005 are included in Attachment A.

The following table summarizes the follow-up activity for Internal, IT and external audit recommendations during May 2005.

Table 1.

Contract Audit conducts audits related to pre-awards, change orders, and incurred costs, as well as providing support for claims, contract closeouts and contract related litigation. Grant Audit conducts closeout audits of projects funded by the Call-for-Projects.

During May 2005, 1 audit was closed for the Contract Audit group and 30 audit reports remain open pending the results of negotiations. Grant Audit had 3 final reports issued and there are 6 audit reports that were in the draft audit stage.

NEXT STEPS

Management Audit Services will provide the next monthly status report for the period ending June 30, 2005.
