MANAGING DIRECTOR, MANAGEMENT AUDIT SERVICES

SUBJECT: STATUS OF OPEN AUDIT RECOMMENDATIONS AS OF  
JUNE 30, 2005

### ISSUE

At the March Executive Management and Audit Committee meeting, the committee requested that the status of all open audit recommendations be reported monthly. This includes audits performed by Management Audit Services (MAS) and, in compliance with GEN 19, external audits performed by outside auditors.

### DISCUSSION

MAS' monthly audit follow-up report includes all open audit recommendations related to findings reported by Internal Audit, Information Technology (IT) Audit, and outside auditors; statistics on the number of recommendations closed or completed since the last report; and a summary of audit activities in Contract Audit and Grant Audit.

During the month of June 2005, the Office of the Inspector General issued two new audit reports. The first report, Audit of Miscellaneous Expenses (05-AUD-04), for the period July 1, 2004 to September 30, 2004, contained one recommendation that was also implemented and completed this period. The second report, , Audit of Miscellaneous Expenses (05-AUD-05) for the period October 1, 2004 to December 31, 2004, did not contain any recommendations.

In total, 11, or 14%, of the internal, IT and external open recommendations were closed or completed during June. Thirty-five recommendations have a status of "under review." This indicates that the audit client has submitted documentation that is being analyzed to verify that all of the recommended actions are complete. We are actively working with staff to

close each recommendation as quickly as possible. The total open recommendations as of June 30, 2005 are included in Attachment A.

During fiscal year 2005, 34 new recommendations were added to the outstanding audit recommendations list. Eighty-eight audit recommendations were closed or completed out of a universe of 157 resulting in a 56% reduction of open audit recommendations.

The following table summarizes the follow-up activity for Internal, IT and external audit recommendations during June 2005.

Contract Audit conducts audits related to pre-awards, change orders, and incurred costs, as well as providing support for claims, contract closeouts and contract related litigation. Grant Audit conducts closeout audits of projects funded by the Call-for-Projects.

During June 2005, two audits were closed for the Contract Audit group resulting in a savings to the agency of \$14,451, and 30 audit reports remain open pending the results of negotiations. Grant Audit issued nine final reports and there are two audit reports that are in the draft audit stage.

**NEXT STEPS**

Management Audit Services will provide the next monthly status report for the period ending July 31 2005.
