

MOTION BY SUPERVISOR ANTONOVICH

June 28, 2001

In the past few months there have been discussions in the San Gabriel Valley regarding the name of the light rail line once it is in operation.

Earlier this month, the Pasadena Blue Line Authority voted to refer this issue to the Metropolitan Transportation Authority since it will be responsible for the actual operation of this light rail line.

In order to eliminate possible confusion with the existing Long Beach Blue Line (since this line and the Pasadena extension will not connect) and to better represent the Community that will be served, it is appropriate to rename the Pasadena Blue Line.

I, THEREFORE, MOVE that this Board direct the CEO to formally rename the Pasadena Blue Line to the Rose Line.
