
Metro Board of Directors
January 22, 2009

MOTION
Supervisor Antonovich

The Transportation Foundation of Los Angeles (TFLA) has proposed that Metro work with them in developing an internship program for displaced veterans. A careful evaluation of this program would help determine if it is in Metro's best interests to pursue this program with the TFLA for fiscal year 2009-10.

I THEREFORE MOVE that the CEO instruct staff to evaluate the TFLA proposal, to seek feedback as necessary from the TFLA, and to provide a report on their evaluation and recommendation for action on this proposal at the February 2009 meeting.
