

Office of the Inspector General

Karen Gorman

Jack Shigetomi

Activities Report
2nd Half, FY 2009

Metro

OIG Activities Report 2nd Half

Audit Unit

Started 7 Projects

Issued 7 Final Reports

- Department Information Security – The 11 recommendations will strengthen department level information security controls.
- Metro Rewards Program – The recommendations ensure that Metro gift cards are adequately controlled, safeguarded, and accounted for.
- Advertising Revenue – The 5 recommendations will strengthen controls over revenue from advertisements.
- Accounts Payable Checks – The recommendation will ensure that written procedures are updated.
- Travel and Business Expense Reports – Controls were adequate to identify and correct errors; however, providing additional policy information to travelers would reduce the number of errors being found by the Travel coordinator.
- Quarterly Audits of Miscellaneous Expenses – The two quarterly audits found no reportable conditions.

Metro

OIG Activities Report 2nd Half

Audit Unit

Issued 3 Draft Reports

Completed 20 of the 25 projects in the FY2009 Audit Plan.

- Five projects in the original plan were deferred because 6 other unplanned projects were started.
- Resources were shifted to respond to more critical needs.

OIG Activities Report 2nd Half

- We began a program where Metro departments may request investigation assistance. Since April 2008, 20 requests have been received and completed.
- Participation on the Sharp Credit Practices Project Team.
 - Issued letter advising loan sharks to stay off Metro property.
 - Notified Transit Security.
 - Preparing education campaign.
 - Accompanied 2 employees to small claims court resulting in dismissal of claim and reduced debt.
 - Discussions with credit union ongoing.
 - Reviewing policy on direct deposits.
 - Other options also under discussion.

OIG Activities Report 2nd Half

Investigations Unit

- **Department Administration**
 - Completed draft policy on offsite-data back-up procedures.
 - Deployed network printers to transition from individual printers to keep cost down.
 - Hired a replacement for Information Technology consultant services.
 - Continued the process to develop a website for posting audit and possibly investigation reports.
- Began work on undercover “ride along” program as a supplement to any Metro program to confirm agency’s compliance with safety, ADA compliance, and customer service policies.
