

## NOTICE OF PUBLIC HEARING

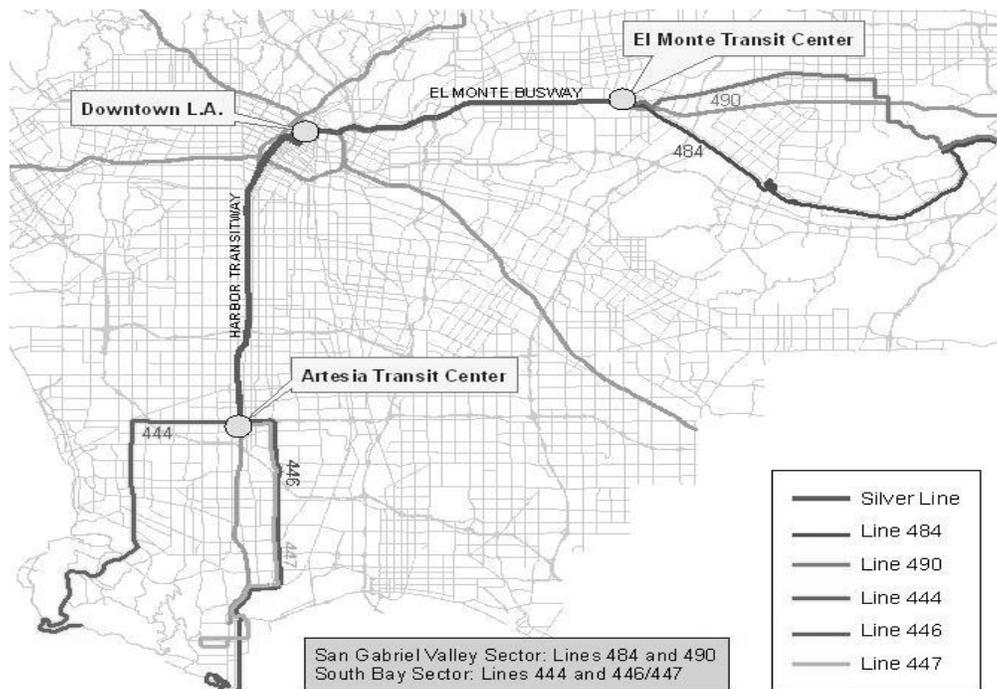

### Los Angeles County Metropolitan Transportation Authority

The Los Angeles County Metropolitan Transportation Authority will hold a public hearing in September 2009 to receive community input on the **proposed tariff structure to be adopted for new Line 910 (the Silver Line)**, which is proposed to begin operation later this year. Approved changes will become effective December 13, 2009 or later. Details of the hearing date, time, and location are shown below.

The upcoming public hearing is being held in conformance with federal public hearing requirements outlined in Section 5307 (d) 1 of Title 49 U.S.C., and public hearing guidelines adopted by Metro's Board of Directors in 1993, as amended.

The Silver Line is a proposed premium service (See Figure 1) combining the express portions of four existing bus lines operating along the Harbor Transitway and El Monte Busway providing continuous service connecting the Artesia Transit Center, El Monte Transit Center, downtown Los Angeles and other intermediate points. The local portions of existing Metro bus lines 444, 446-447, 484 and 490 will continue to operate along with the Silver Line.

While the Silver Line has been the subject of numerous prior public meetings, and has been approved for implementation, a fare structure for the service has not been established by the Board of Directors. Listed below is the fare structure proposal for this line to be considered at the hearing. The proposed fare structure will improve the efficiency of the operation by recovering more of the cost of operation and require less taxpayer subsidy to sustain the service.
