SPEAKER

James Moore, Associate Professor, School of Urban Planning and Development Department of Civil and Environmental Engineering, USC

STAFF PRESENT:

Ray Harris, MTA Government Relations
Audrey Noda, MTA Government Relations

I. Call to Order and Introductions

The meeting was called to order at 6:20 p.m. by CAC Chairman L. McFarland

II. Chairman's Report

L. McFarland spoke with James Givens, MTA Joint Development regarding economic development and land use implications at the Hollywood/Highland station. L. McFarland reported that J. Givens will be available to provide a report to the MTA at the September CAC meeting. L. McFarland reported that the reputable firm of Barton Meyers and Associates has been hired by the MTA to do land use planning. He also reported that the Mayor's office and Councilwoman Goldberg's office are excited about turning Hollywood into a nationwide entertainment center.

M. Dickerson reported on the CAC Receive and File Item regarding ART's presented to the MTA Board. R. Davies made a slide presentation to the MTA Board. He made two points: 1) there is a better way to do things than what is in the current twenty year plan; 2) ART is the alternative; you can run light rail through the tunnels (example: to run a line to Warner Center, it would cost \$400 million.)

M. Dickerson stated that MTA Board Member Burke asked the right questions. The MTA Board will study this issue as they review the 20 year plan.

Public Comment:

Dana Gabbard reported on line 497. The commute time has increased by 15-20 minutes due to the change with the bus/rail interface and the opening of the Western extension.

H. Watts spoke about the "blue signs" on the buses for the elderly and disabled. He explained the the signs are being ripped off. Signs should be in the advertising section.

L. McFarland reported that the CAC devoted last month's meeting to services for the elderly and disabled. R. DeRock, Administrator from Access Services, Inc. spoke to the CAC.

III. **James Moore, Associate Professor, School of Urban Planning and Development and Department of Civil and Environmental Engineering, USC**

J. Moore discussed "An Analysis of the LACMTA Long Range Plan". He mentioned he is a co-author of the plan with Tom Rubin. J. Moore distributed a copy of the plan to the CAC Members.

Lauren Frelix, consultant in South Central, L.A. said the report was not good for South Central.

IV. **Minutes**

The June 26, 1996 CAC General Membership Meeting Minutes were approved unanimously.

V. **Adjournment**

L. McFarland adjourned the meeting at 8:30 p.m.
