TO: BOARD OF DIRECTORS
THROUGH: JOSEPH E. DREW
FROM: LINDA BOHLINGER *A.B.*
SUBJECT: BUS SYSTEM IMPROVEMENT PLAN UPDATE

One Gateway Plaza
Los Angeles, CA
90012

RECOMMENDATION

Staff recommends that the Board:

213.922.6000

- a. approve the Bus System Improvement Plan in concept, particularly the goals and principles of the implementation plan contained in Part II;
- b. authorize staff to develop the framework for implementation;
- c. allocate \$12 million annually in Proposition C 40% Discretionary funds for initiatives contained in Part I; and,
- d. request staff to continue discussions with MTA Operations, Municipal Operators and other interested parties and return to the Board by March, 1996 with a plan for selecting, implementing and evaluating projects for the \$12 million annual allocation for service beginning July, 1996.

P.O. Box 194
Los Angeles, CA 90053

DBE PARTICIPATION

A goal has not yet been set.

ALTERNATIVES CONSIDERED

An initial staff report was prepared for consideration by the Board in December. The Board requested staff to work with the Municipal Operators and other interested parties, including a series of briefings, and to return in January to both the Operations and Planning and Programming Committees with revisions, as necessary.

IMPACT ON BUDGET AND OBJECTIVES

Part I of the Plan would require an annual investment from the MTA of \$12 million of Proposition C 40% Discretionary funds. This would fund the immediate-term strategies that can be implemented beginning July 1, 1996. These funds are new, uncommitted funds available due to an increase in estimated Proposition C 40% revenues based on the September 1995 UCLA Forecast.
