JOINT EXERCISE OF POWERS AGREEMENT TO ESTABLISH
THE SOUTHERN CALIFORNIA REGIONAL RAIL AUTHORITY

PMIC APPROVED STAFF RECOMMENDATION

July 8, 1991

MEMO TO: PLANNING AND MOBILITY IMPROVEMENT
COMMITTEE - 7/17/91 MEETING

FROM: NEIL PETERSON

SUBJECT: APPROVAL OF THE SOUTHERN CALIFORNIA REGIONAL
RAIL AUTHORITY JOINT POWERS AGREEMENT

ISSUE

The county transportation commissions of Los Angeles, Ventura, and Riverside Counties, Orange County Transportation Authority, and San Bernardino Associated Governments are requested to approve a joint powers agreement establishing the Southern California Regional Rail Authority. The SCRRA would be responsible for implementing and administering the operation of regional passenger rail service, and would replace the existing Interim Joint Powers Authority comprised of LACTC, Ventura County Transportation Commission, and San Bernardino Associated Governments. The agreement is presented for approval by LACTC at this time.

RECOMMENDATION

Staff recommends that the Committee recommend approval by the Commission of the attached joint powers agreement (Attachment 1) establishing the Southern California Regional Rail Authority.

RELATIONSHIP TO LACTC GOALS

This action will allow LACTC to move forward within the context of the Southern California Regional Rail Authority with efforts to improve regional mobility through implementaton and operation of a five-county commuter rail system.

BUDGET IMPACT

Approval of the joint powers agreement per se will have no impact on LACTC's budget. Provision for the Commission's participation in the SCRRA has been included in its adopted Fiscal Year 1991-92 Budget, and in its Draft Proposed 30-Year Integrated Transportation Plan.

BACKGROUND

Over the past year, the county transportation commissions of Los Angeles, Ventura, and Riverside Counties, Orange County Transportation Authority (OCTA), and San Bernardino Associated Governments (SANBAG) have been working jointly to plan, implement, and contract for operation of a regional commuter rail system. Pending formation of a new regional rail joint powers authority of the five agencies, administration of this cooperative effort has been through two entities: an Interim Joint Powers Agency (IJPA) comprised of LACTC, VCTC, and SANBAG, with all five agencies participating in a Southern California Commuter Rail Coordinating Council (SCCRCC).

The interim structure will terminate September 1, 1991, the sunset date of the IJPA. While the IJPA and SCCRCC have held joint monthly meetings, the IJPA has focussed on actions associated specifically with implementation of commuter rail services among its three member counties. The five counties have worked under the umbrella of the SCCRCC and in response to SB 1402 (Chapter 114, Statutes of 1990, effective June 25, 1990) to prepare the **Southern California Commuter Rail 1991 Regional System Plan**. This plan was approved by all five counties and submitted to the Legislature in June of 1991.

The framework for creation of the new Southern California Regional Rail Authority was approved by LACTC at its meeting of February 27, 1991, and amended on April 10, 1991. Issues of concern to LACTC in the formation of the new authority focussed on the composition of the board, weighting of voting power, proposed requirements for a quorum and for approval of an action by vote, and the relationship of LACTC staff to the new JPA. These concerns have been addressed and integrated into the language of the joint powers agreement in a manner consistent with the framework adopted by the Commission.

Key Provisions of the Joint Powers Agreement

LACTC and the other four participating agencies must approve the agreement establishing the Southern California Regional Rail Authority. As the joint powers agreement (Attachment 1) states, the purpose of the Southern California Regional Rail Authority is to advance the planning, design, and construction, and oversee the operation, of regional passenger rail lines serving the member counties.

- Governing Board

All powers of the SCRRRA shall be exercised by up to an 11-member Governing Board. The Governing Board shall be selected and composed of members with voting powers as follows:

Los Angeles County Transportation Commission:	4 votes
Orange County Transportation Authority:	2 votes
Riverside County Transportation Commission:	2 votes
San Bernardino Associated Governments:	2 votes
Ventura County Transportation Commission:	1 vote

Each member agency shall have the ability to cast up to the number of votes allocated to it and shall determine who and how many will represent it.

San Diego Association of Governments (SANDAG), the Governor, and the Southern California Association of Governments (SCAG) may appoint non-voting ex officio representatives to the Governing Board.

- Funding

Each member agency shall share in the administrative, capital, and operating costs of the SCRRA based on a budget to be developed by May 1 of each year for member agency review and approval. The final budget is to be adopted by June 30. Decisions dealing with capital and operating fund allocations, as well as annual approval of each member agency's share of the Authority's annual budget, shall be approved by the member agencies themselves.

Debts, liabilities, and obligations of the SCRRA will not become the responsibility of the member agencies.

- Staffing

LACTC shall serve as staff of the SCRRA. At any time after year five, the SCRRA can notify LACTC of its intent to pursue other staffing options. LACTC would continue to serve as staff for an additional two years while new staffing arrangements are implemented.

- Relationship to Intercity Rail

Currently, the LOSSAN Rail Corridor Agency, with representatives from LACTC, OCTA, SANDAG, and Caltrans, is responsible for matters related to intercity rail service between San Diego and Los Angeles. Upon formation of the SCRRA, the LOSSAN RCA will continue to exist as the recipient of Proposition 116 rail bond funds. To coordinate activities with the regional rail program, the LOSSAN RCA will serve as the SCRRA intercity rail committee for the LOSSAN Corridor. Similarly, LACTC and VCTC, and any ex officio representatives who may be appointed including Caltrans and Santa Barbara County, will act as the intercity rail committee for the Los Angeles-Santa Barbara portion of the Authority's rail service.

- Termination

The joint powers agreement will be in effect until a majority of the members vote to dissolve the SCRRA. Individual member agencies may terminate membership by providing a one year's written notice to the Authority. Any assets or funds desired by the terminating agency are to be determined by negotiation between the SCRRA and the terminating agency. Any disputes not resolved shall be submitted for arbitration.

FORMATION OF THE SCRRA

Upon adoption of the joint powers agreement by all five county agencies, the Interim Joint Powers Agency/Southern California Commuter Rail Coordinating Council will act to create the successor agency, the Southern California Regional Rail Authority. This action is proposed to occur at the August 9, 1991 meeting of the IJPA/SCCRCC.

- 11.4 Each of the above-named interim committees shall meet immediately prior to any meeting of the AUTHORITY GOVERNING BOARD.

The Arbitration panel shall resolve the dispute in accordance with the terms of this AGREEMENT.

In the event that a MEMBER AGENCY wishes to withdraw from the AUTHORITY, the Arbitration Panel shall consider in such arbitration foremost the importance of retaining the AUTHORITY's ability to achieve those purposes set forth in Section 2.0 (Purposes) of this AGREEMENT following the withdrawal of the terminating agency as weighed against the long-term interest of the terminating agency to manage its own affairs. Costs of arbitration shall be paid by the party against whose favor the arbitration, or any subsequent legal action arising out of the arbitration, is found.
