Approval of "Service Economies FY 78-79"

Director Lewis moved approval of the report dated March 14, 1978 entitled "Service Economies FY 78-79", which motion was seconded.

Mr. Gilstrap briefly reviewed the report and the fact that economies are necessary in order to make ends meet during the next fiscal year. He further reported that the report included the economies which had been

planned in March but deferred to June 25, plus additional economies which are necessary, making a total estimate of \$3.8 million savings, with approximately \$1.0 million from line eliminations, \$2.3 million from service reductions and \$500,000 from the elimination of night service.

By means of slides and charts, Mr. McDonald and Mr. Taylor reviewed the proposed changes in daily, Saturday, Sunday and nighttime service, together with elimination of Lines 303 and 304 and Hollywood-Burbank Airport Express Lines 790 and 791.

On inquiry of Mr. Gilstrap, Mr. Taylor explained that the Lines 303 and 304 services are almost entirely duplicated by Lines 3 and 29, with only about 100 passengers per day being required to transfer to Line 832 on Manchester Avenue; also, if the 303-304 line eliminations were not approved, it would be necessary to reduce other services or possibly eliminate some services which at present do not duplicate service. On further inquiry of Mr. Gilstrap, Mr. Taylor stated that elimination of Lines 303-304 would have less impact on passengers than the other alternatives mentioned.

Resolution
No. Assigned

Mr. Taylor then explained the proposed elimination of Hollywood-Burbank Airport Express Lines 790 and 791, and the fact that the two lines have a combined average of only 21 daily passengers and that alternative services are available.

President Holen moved an amendment to the motion that Manchester Line 832 have a bus added in order to make its headways compatible for passengers transferring from Lines 3 and 29, which motion was seconded, but failed by a Roll Call vote as follows:

Committee

Director Cook, Chairman of the Administration,
Efficiency & Economy Committee, distributed to the
Board a draft confidential paper entitled "The Role of
the Board of Directors" dated March 23, which paper

had been prepared by the Arthur Andersen consultants, which firm is conducting the Management Audit authorized by the Board. Mr. Cook stated that the Committee had spent many hours in meetings reviewing the report and, further, that the report had been unanimously adopted by members of the Committee and proposed adoption by the Board at its next meeting. He suggested that Board members especially study the functions between the staff and the Board, and stated these functions are extremely difficult to define and are a "gray" area.

Director Cook then briefly reviewed a letter dated March 23, 1978 from Arthur Andersen & Co. which had been submitted to the Board at the request of the AE & E Committee. The letter proposed extension of the consultant's work to do necessary research into the District's activities to identify those areas requiring policy direction of the Board, with the extended work to be in two phases, with Phase I at an estimated additional cost of \$12,000 and Phase II at an additional estimated cost of \$7,000.

Director Cook moved approval for the consultants to perform the Phase I portion of the extended work,

Appearance of RTD Employee Doris Darby

Mrs. Doris Darby, Secretary II in the Customer Relations Department, appeared before the Board to complain regarding the manner in which her present grievance was being handled by management. Mrs. Darby distributed a report to Board members only regarding her complaint, and stated she had requested Personnel Committee Chairman Takei that she be permitted to appear before the Personnel Committee regarding her complaint, but that her request had not been granted.

Director Takei stated that he had requested Mrs. Darby to submit additional information regarding her request prior to any appearance before the Committee and that she had not submitted the information prior to the Committee meeting and, therefore, she had on her own made the decision to request appearance before the
