Approval of (1) Filing with U.S. Department of Transportation of a Joint SCRTD-SCAG Application for Section 9 Technical Study Grant Covering Joint Preparation of Transit Improvement and Coordination Plan and Program for Los Angeles Region, and (2) Execution of Agreement between District and SCAG Providing for Joint Conduct of Technical Study and Filing of Joint Application with U.S. Department of Transportation

Director Gleckman, Chairman of the Finance & Governmental Affairs Committee, reported that this morning the Committee considered authorization of the General Manager to:

1. Submit to the U. S. Department of Transportation a Joint SCRTD-SCAG application for a Section 9 Technical Study Grant covering joint preparation of transit improvement and coordination plan and program for the Los Angeles Region, development of modal split model for continuing transit planning program and related work as required, and
2. Execute on behalf of the District an agreement with the Southern California Association of Governments (SCAG) providing for joint conduct

of Technical Study and filing of joint application with the U. S. Department of Transportation; that the Advance Planning & Engineering Committee on February 27th had reviewed the proposal and recommended approval, and that it was the Finance & Governmental Affairs Committee's recommendation that the proposal be approved.

After discussion, on motion of Director Gleckman, seconded and unanimously carried, the following resolution was adopted:

RESOLUTION NO. R-70-50

SCRTD-SCAG  
REGIONAL TRANSIT PLANNING PROJECT

Resolution authorizing the filing of a joint application with the Department of Transportation, United States of America, for a technical study grant under Section 9 of the Urban Mass Transportation Act of 1964, as Amended.

WHEREAS, the Secretary of Transportation is authorized to make technical study grants for mass transportation projects;

WHEREAS, the contract for financial assistance will impose certain obligations upon the applicant, including the provision by it of the local share of project costs; and

WHEREAS, it is required by the U. S. Department of Transportation in accordance with the provisions of Title VI of the Civil Rights Act of 1964, that in connection with the filing of an application for assistance under the Urban Mass Transportation Act of 1964, as Amended, the applicant gives an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U. S. Department of Transportation requirements thereunder:

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Southern California Rapid Transit District

1. That the General Manager is authorized to execute and file on behalf of the Southern California Rapid Transit District a joint application between the District and the Southern California Association of Governments with the U. S. Department of Transportation under the Urban Mass Transportation Act

of 1964, as Amended, for a Section 9 Technical Study Grant covering joint preparation of transit improvement and coordination plan and program for the Los Angeles Region, development of modal split model for continuing transit planning program and related work as required; form of application subject to approval of the General Counsel.

2. That the General Manager is authorized to execute and file with such application an assurance or any other document required by the U. S. Department of Transportation effectuating the purposes of Title VI of the Civil Rights Act of 1964.
3. That the General Manager is authorized to execute on behalf of the District an agreement with Southern California Association of Governments providing for joint conduct of the Technical Study and filing of joint application with the U. S. Department of Transportation, as above described; form of agreement subject to approval of the General Counsel.
4. That the General Manager is authorized to furnish such additional information as the U. S. Department of Transportation may require in connection with the application or project.

Authorization of General Manager to (1) Enter into Negotiations with City of Los Angeles, County of Los Angeles and Community Redevelopment Agency for a Joint Powers Agreement for Development of Auxiliary Distribution System in Central City Area, and (2) Proceed with Preparation and filing of an Application for Federal Assistance with Department of Transportation for Phase One Civic Center - Dodger Stadium Project

Director Gleckman, Chairman of the Finance & Governmental Affairs Committee, reported that the Advance Planning & Engineering Committee at its meeting on February 27th recommended, and the Finance & Governmental Affairs Committee at its meeting this morning concurred in the recommendation, that Agenda Item No. 12, reading:

"Consider authorization of the General Manager to enter into negotiations with the City of Los Angeles,

"County of Los Angeles and the Community Redevelopment Agency for a joint powers agreement for the development of an auxiliary internal distribution transit system in the Central City Area, including the preparation and filing of an application for Federal assistance with the Department of Transportation and/or the Department of Housing and Urban Development, form of agreement and application to be submitted to the Board for subsequent approval,"

be amended to read as follows:

- "12. Consider authorization of General Manager to:
- a. Enter into negotiations with the City of Los Angeles, County of Los Angeles and the Community Redevelopment Agency for a joint powers agreement for the development of an auxiliary distribution transit system in the Central City area, including connections with existing or proposed peripheral parking facilities; form of agreement to be submitted to the Board for subsequent approval, and
  - b. Proceed with the preparation and filing of an application for Federal assistance with the Department of Transportation for the Phase One Civic Center - Dodger Stadium project as soon as possible; application to be executed by the General Manager with form of application subject to approval of the General Counsel; and to execute and file such other documents as may be necessary to complete the application."

After discussion, on motion of Director Gleckman, seconded and unanimously carried, Agenda Item No. 12 was amended to read as above set forth.

Thereupon Director Gleckman reported that the Finance & Governmental Affairs Committee at its meeting this morning considered Amended Agenda Item No. 12 and approved the authorizations therein sought.

After discussion, on motion of Director Gleckman, seconded and unanimously carried, the following resolution was adopted:

RESOLUTION NO. R-70-51

RESOLVED, that the General Manager be and he hereby is authorized to enter into negotiations with the City of Los Angeles, the County of Los Angeles and the Community Redevelopment Agency of the City of Los Angeles for a "Joint Exercise of Powers Agreement" for the development of an auxiliary distribution transit system in the Central City area, including connections with the existing or proposed peripheral parking facilities; form of agreement to be submitted to the Board of Directors for subsequent approval.

After discussion, on motion of Director Gleckman, seconded and unanimously carried, the following resolution was adopted:

RESOLUTION NO. R-70-52

Resolution authorizing the filing of application with the Department of Transportation, United States of America, for a demonstration project grant under Section 6 of the Urban Mass Transportation Act of 1964, as Amended.

WHEREAS, the Secretary of Transportation is authorized to make grants for mass transportation projects.

WHEREAS, the contract for financial assistance will impose certain obligations upon the applicant; and

WHEREAS, it is required by the U. S. Department of Transportation in accordance with the provisions of Title VI of the Civil Rights Act of 1964, that in connection with the filing of an application for assistance under the Urban Mass Transportation Act of 1964, as Amended, the applicant gives an assurance that it will comply with Title VI of the Civil Rights Act of 1964 and the U. S. Department of Transportation requirements thereunder;

NOW, THEREFORE, BE IT RESOLVED by the Board of Directors of the Southern California Rapid Transit District

1. That the General Manager is authorized to execute and file application on behalf of the Southern California Rapid Transit District in conjunction with efforts of other public agencies, with the U. S. Department of Transportation under the Urban Mass Transportation Act of 1964, as Amended, proposing the approval of a demonstration project

grant for the development of an auxiliary distribution transit system between the Dodger Stadium and the Civic Center, in the City of Los Angeles, and such other documents as may be necessary to complete said application; form of application subject to approval of the General Counsel.

2. That the General Manager is authorized to execute and file with such application an assurance or any other document required by the U. S. Department of Transportation effectuating the purposes of Title VI of the Civil Rights Act of 1964.
3. That the General Manager is authorized to furnish such additional information as the U. S. Department of Transportation may require in connection with the application or the project.

Message of President Herbert H. Krauch

Mr. Bill thereupon turned the meeting over to newly elected President Herbert H. Krauch, who thereafter presided over the meeting.

President Krauch then addressed the meeting, as follows:

"Gentlemen, I have a statement, but before I read it, I would like to thank all of you for your expression of confidence in electing me president of the Board for the coming year.

First, I would like to say that we can all be proud of the accomplishments of the Southern California Rapid Transit District during the past year. We should extend a vote of thanks to General Manager Sam Nelson and our retiring president Kermit Bill. All members of the Board and staff can be complimented for another year of progress in solving the District's problems.

Probably the greatest accomplishment of the year was passage by the legislature of AB 2136, the bill, which gives the Board the power to levy a half cent sales tax for six months, saved the District from almost certain financial chaos.

Next in importance was the establishment of the exact fare program last October which was inaugurated

"with a minimum of confusion and inconvenience by a well planned and executed program that has finally put an end to a constant series of holdups of our bus drivers.

Of equal importance was the signing of labor contracts with our unions that gives the District three years of uninterrupted time to improve and expand our bus service.

Last but not least was the Board's adoption of a program that will be the first step in providing rapid expressway bus service to the public in the San Gabriel transportation corridor. Hopefully, construction will be started on this project before the end of the year.

The year ahead promises to be just as difficult, exciting and rewarding. Among the projects the Board should hope to see implemented in 1970 are:

Elimination of pennies in our exact fare collection and rearranging our zone rate structure to nickels or dimes, preferably dimes, with longer and fewer zones.

More one-way streets and exclusive bus lanes during rush hours in the downtown area to speed up our present bus operations.

Legislation permitting the District to operate charter buses.

Preparation of legislation to provide funds to maintain the financial stability of the District if we are to meet all the requirements outlined by the staff in the 'Three Year Financial Projection 1970-1972' as given to the Finance & Governmental Affairs Committee.

Begin work immediately on a proposal to submit to the voters in 1972 for a master rapid transit system for the entire area including lines to Pasadena, Glendale, Burbank and Orange County. We can build such a complete system over a period of ten years or more with the federal government paying at least half the costs.

We still have \$1,600,000 available in Tidelands Oil funds for this purpose.

"Another project that needs immediate attention is an inner core transportation system for Los Angeles to alleviate the impossible parking situation and intolerable traffic congestion that is growing worse as each new skyscraper is completed in the downtown area. I believe it is within the scope of the Transit District's responsibilities to design, promote, build and operate such a system in cooperation with SCAG, and the city and county governments. We also must continue to work with the airport commission on their transit line proposals.

Our greatest task in connection with these projects is a public information program to let the people of Los Angeles city and county and the other 74 municipalities know just how far behind we are in solving our transportation problems.

Practically every metropolitan area in the world has a mass rapid transit system and those that do not are building them.

Toronto is years ahead of us. So is Montreal and Mexico City. San Francisco is nearing completion of a 75-mile system and Washington D.C. has started building a 90-mile system. Sao Paulo, Brazil, known as the Los Angeles of South America with a population of five million, is now building a one billion dollar subway network.

Our hope should be that the Southern California Rapid Transit District will build the first really new system in the world through the use of modern technology. Such a system is not only on the drawing boards but is actually being demonstrated today.

If these projects prove successful, and there is every indication that they will be, our Los Angeles riders will be the first to travel on a system of wheelless, noiseless, smogless air-cushioned trains propelled by linear induction motors at unlimited speeds with all the riding comforts of jet airliners.

If we paint the picture right, I am sure we will have the full support of the voters in 1972.

This concludes my statement."

Oath of Office by President Herbert H. Krauch and by  
Vice-President Thomas G. Neusom

President Herbert H. Krauch and Vice-President Thomas G. Neusom thereupon took the Oath of Office for their respective offices, copies of which are attached to these Minutes as Exhibits 2 and 3, respectively.

Authorization to Sign Checks

After discussion, on motion duly made, seconded and unanimously carried, the following resolution was adopted:
