\*Staff may undertake preliminary market analysis or related studies prior to the drafting of development guidelines.

\*\*Once the RFIQ/RFP is released, Metro is in a "blackout" period. During this period, Metro cannot discuss the specific content of proposals until staff releases their recommendations for a developer. Metro can do general outreach to keep stakeholders apprised of the process and key dates.

\*\*\*Proposed use requires local jurisdiction approval and may include environmental, zoning, and local plan consistency review and public hearings.
