

Project Labor Agreement (PLA) / Construction Careers Policy (CCP) Update

Report Data Through October 31 2013

Project Labor Agreement (PLA)

What is a Project Labor Agreement (PLA)?

— A type of contract with the trades used in the construction industry to set the terms and conditions of employment.

What is the purpose of a PLA?

- Provides ample skilled workers for a project
- No work stoppages
- Expedited resolution of disputes
- Timely completion of the project

Construction Careers Policy (CCP)

What is a CCP?

- Designed to provide employment and training opportunities to targeted workers via a PLA

Are there goals associated with the CCP?

- Yes. Federal vs. Non-Federal
- 40% Targeted Workers
- 10% Disadvantaged Workers
- 20% Apprentice Workers
 - Half of Apprentice Workers = Targeted Workers

Crenshaw LAX Transit Corridor – D/B

Project Labor Agreement & Construction Careers Policy

Overview FAQs Hiring Requirements

Metro adopted the [Construction Careers Policy \(CCP\)](#) in conjunction with the [Project Labor Agreement \(PLA\)](#) to encourage construction employment and training opportunities to those who reside in economically disadvantaged areas on Metro construction projects. The agreement applies to certain [local](#) (non-federally) funded and [federally funded](#) construction projects with a life of project value greater than \$2.5 million.

Metro's PLA is unique in that Metro is the first transit agency in the nation to adopt such an agreement with national targeted hiring goals for federally funded projects with FTA approval. The PLA and CCP were approved by Metro's Board of Directors on January 26, 2012 and negotiated with the Los Angeles/Orange County Building Construction Trades Council (LAOCBCTC) to help facilitate the timely completion of transit projects in LA County.

[Steps to a Construction Career](#)

PLA Hiring Requirements

All contractors working on Metro construction projects covered by the PLA and CCP will be required to comply with certain targeted hiring requirements.

The PLA requires 40% participation of construction workers residing in economically disadvantaged areas, 10% participation of disadvantaged workers, and a 20% participation of apprentices.
