

# Gateway Cities Governance Council

June 10, 2010

# PROPOSED SERVICE CHANGES

- Restructure or cancel poor performing routes.
- Right size Metro Rapid corridors to meet service warrants.
- Coordinate service to reduce duplication.
- Approve Sunday, July 4 as Public Hearing publish date.
- Approve Public Hearing date of August 12, 2010 @ 2:00 pm.

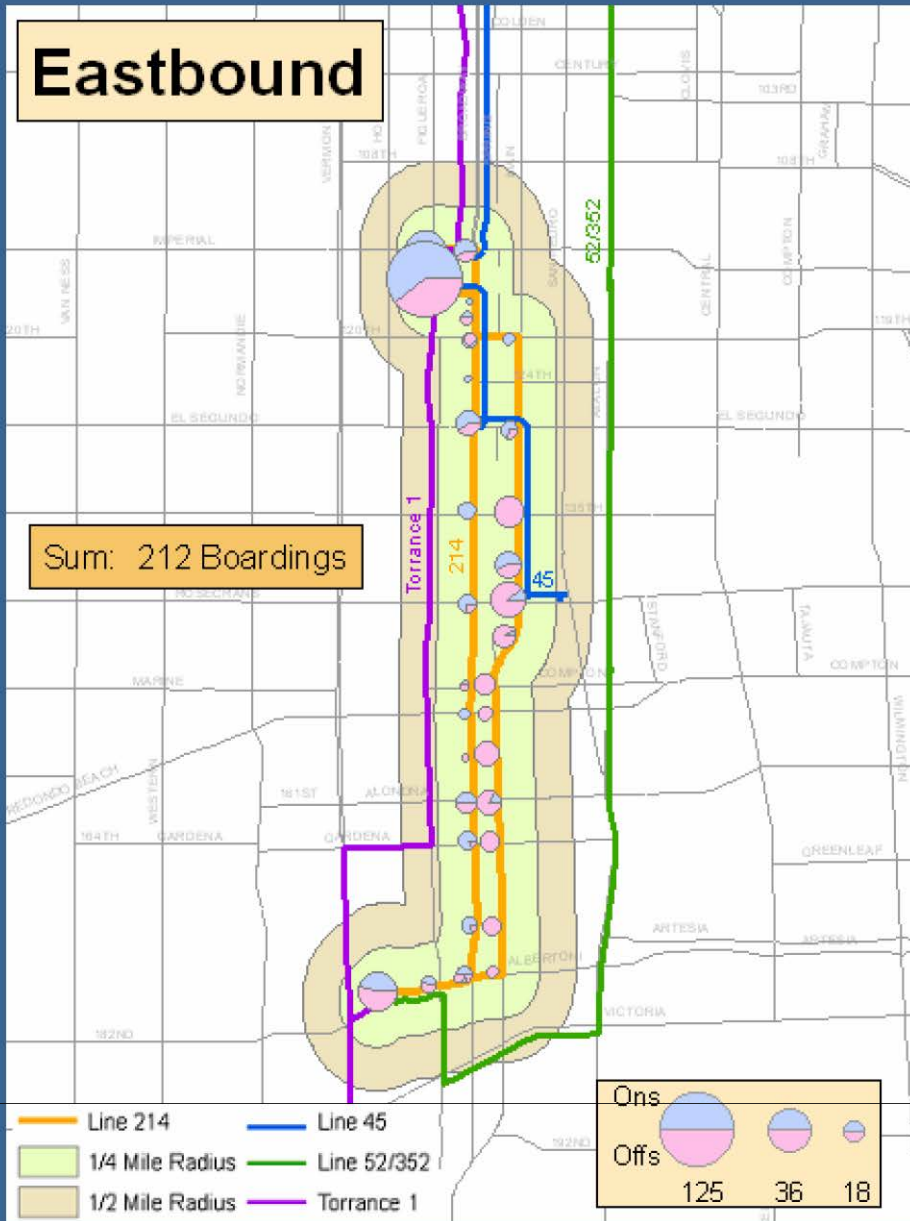

# Restructure or Cancel Poor Performing Routes

- Productivity measured by the number of Boardings per Revenue Hour.
- Metro's most productive bus lines average over 60 Boardings per Revenue Hour.
- Metro's least productive bus lines average less than 20 Boardings per Revenue Hour.
- Low productivity bus lines consume subsidy dollars that could benefit a greater number of riders when invested in better performing routes.

# Line 214

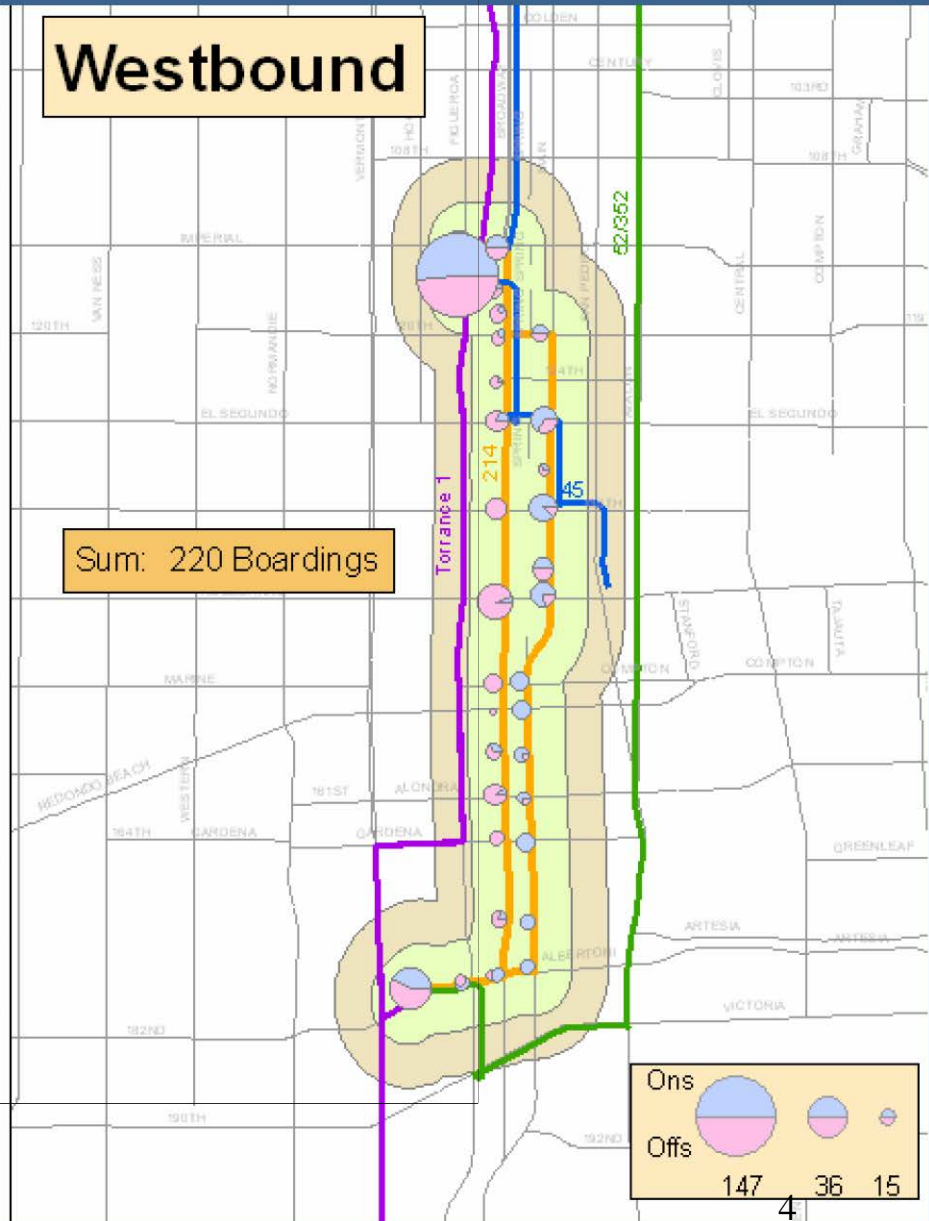

## Eastbound

Sum: 212 Boardings

## Westbound

Sum: 220 Boardings

# Systemwide Metro Rapid Evaluation – Five Measurable Criteria

- Round-trip running time 20% faster than local
- Bus stop spacing should average 0.7 miles
- Operate every 10” peak, 20” base
- Boarding per revenue hour should be at least 80% of the system average.
- Rapid average trip length should be at least 25% longer than average local trip length.

# Right Size Metro Rapid Corridors

<u>Line No.</u>	<u>Proposed Service Changes</u>
753	Line cancellation – improve Line 53 weekday service from Line 753.

## Coordinate Service

- Consolidate service operating with a corridor onto a primary path
- Reschedule service on primary route to improve frequency and increase capacity
- Link service to transit resources (transit station, rail stations, major generators, etc.)

## Coordinate Service

No proposals affect Gateway area services.

## Next Steps
