

**December 2014  
Proposed Service  
Change in the  
San Fernando Valley**

## In this presentation...

- **Line 91 Proposed Reroute for Public Hearing**

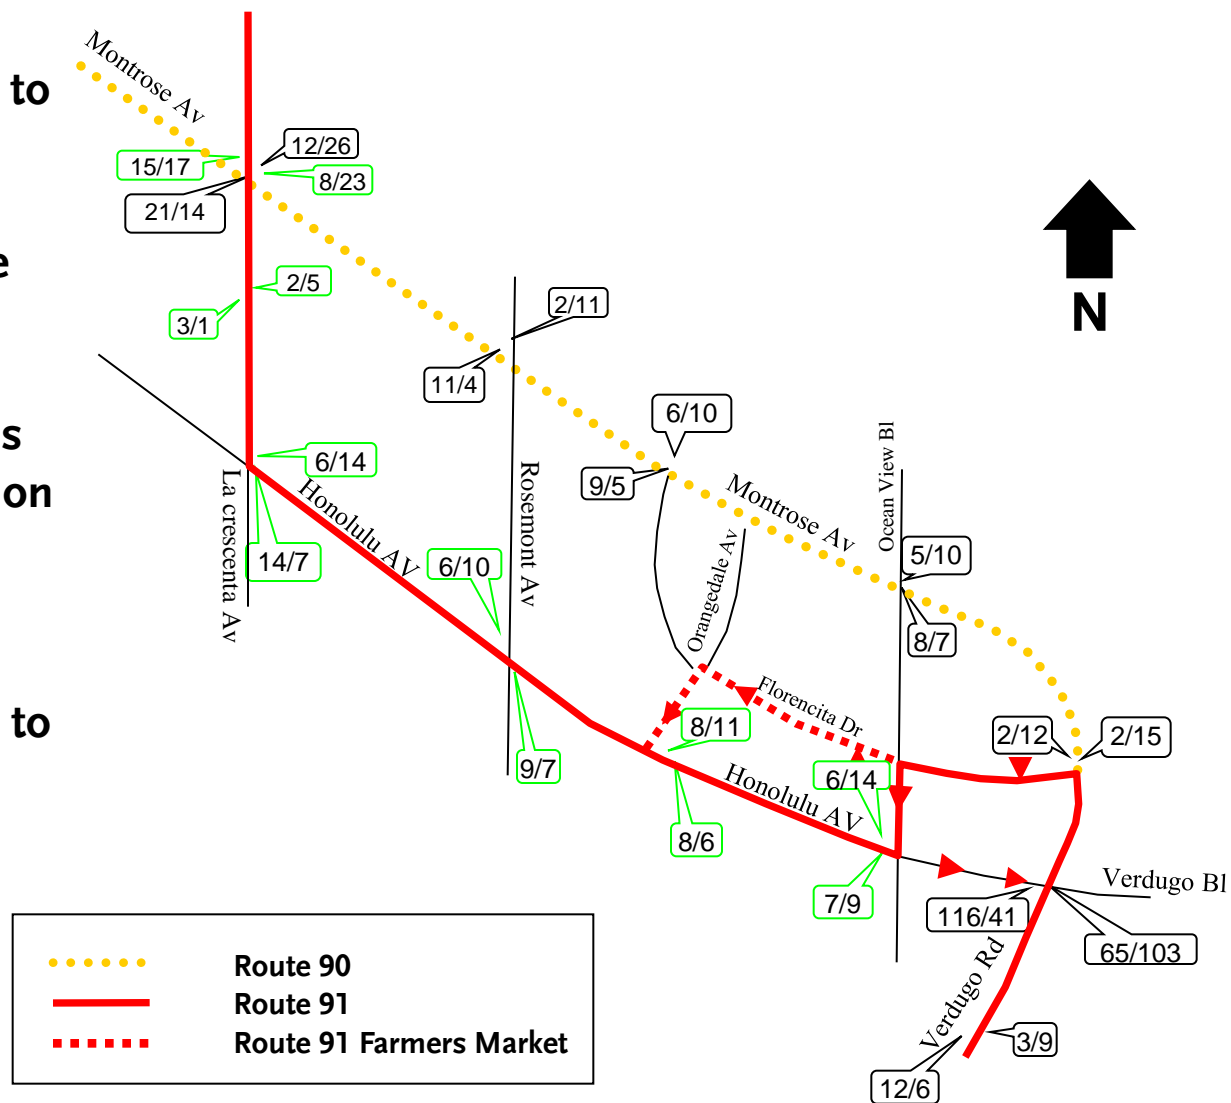

# The Issue – Ocean View Bl and Honolulu Av

- Tight right turn not doable under normal conditions.
- Operators need to wait for all traffic to clear.
- Affects 40 and 45 foot buses; bike racks worsen the problem.
- Wheels often bite the curb from the bulb-out.
- Intersection is not at a 90 degree angle.

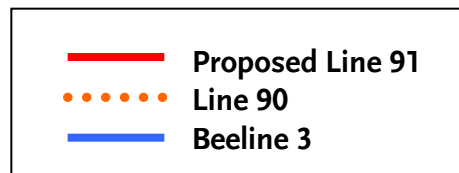

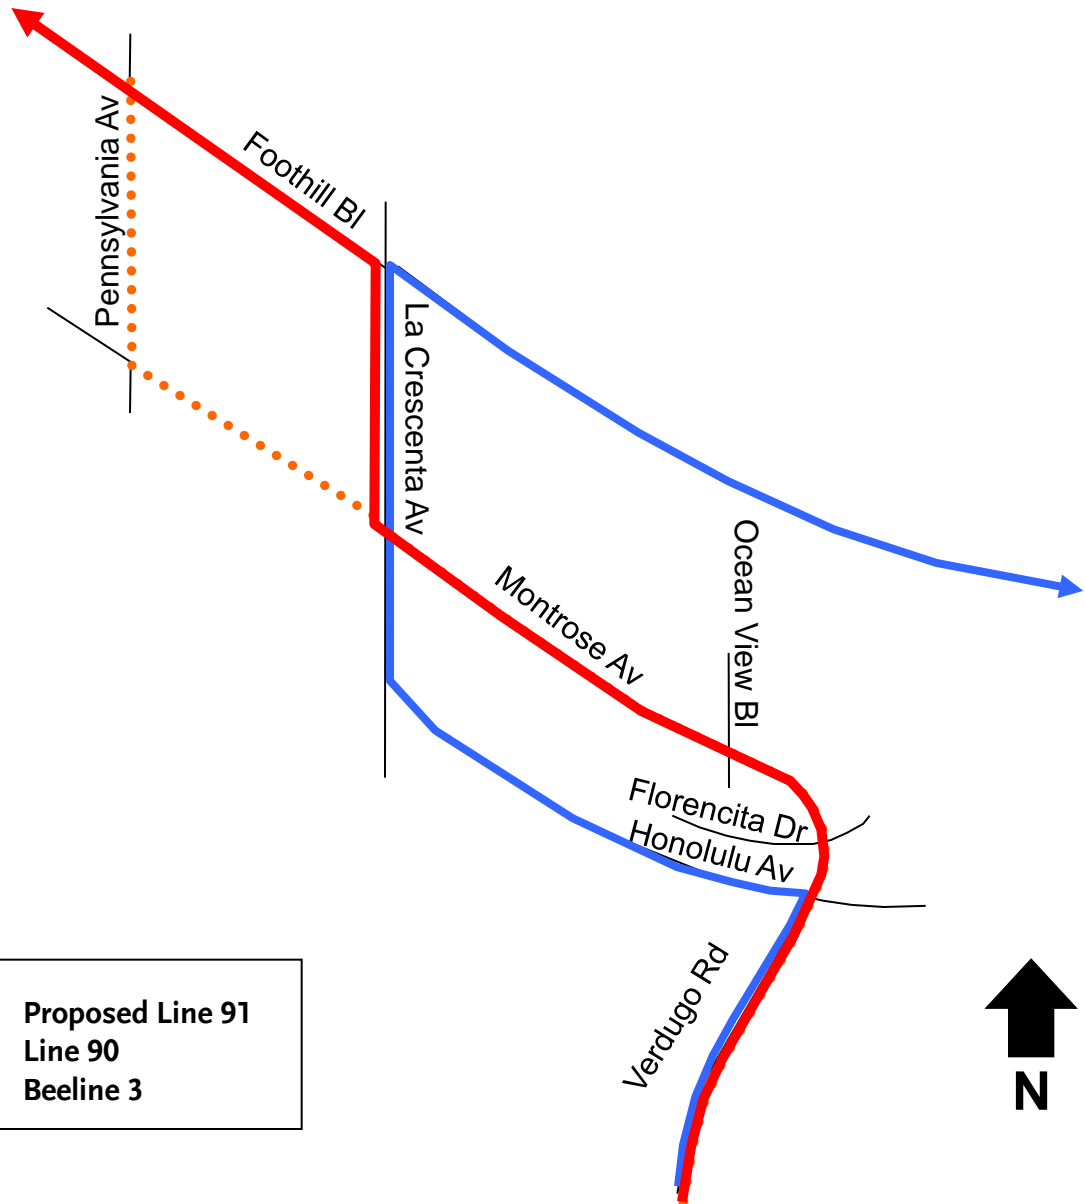

# Line 90/91 Ridership

- Distance from Honolulu to Montrose is .33 miles.
- Approximately 84 people will be affected on Honolulu and approximately 74 patrons will benefit from service on Montrose.
- City and Metro together investigated alternatives to Honolulu Av.

# Line 91 Proposed Route

- Route of Line 91 proposed to use Montrose Av and avoid dangerous turn movements at Ocean View Bl and Honolulu Av.
- New route will resume normal service north of Montrose Av and La Crescenta Av and South of Honolulu Av and Verdugo Rd
- Proposed public hearing date: August 6, 2014
