

MOTION BY SUPERVISOR ANTONOVICH

In the past few months there has been discussion in the San Gabriel Valley regarding the name of the light rail line once it is in operation.

Earlier this month, the Pasadena Blue Line Authority voted to refer this issue to the Metropolitan Transportation Authority since it will be responsible for the actual operations of this light rail one.

In order to eliminate possible confusion with the existing Long Beach Blue Line (since this line and the Pasadena extension will not connect) and to better represent the community which will be served it is appropriate to rename the Pasadena Blue Line.

I, THEREFORE, MOVE that this Board direct the CEO to formally rename the Pasadena Blue Line to the Pasadena Rose Line.
