ISSUE

The MTA is starting a Speakers Bureau this summer as part of a concerted community outreach effort. We want to make the agency more accessible and, at the same time, expand public awareness of all that the MTA does. We have identified about 70 staff members who will participate in the Speakers Bureau. I welcome participation by Board Members and alternates.

Please call Mark Littman at (213) 922-4609 for details if you are interested in participating.
